Like any great company Delgado Stone Continues to evolve. Our expansion into new regions and commitment to customer service has taught us that we need to be more clear about our product specifications. When a customer makes the decision to work with Delgado Stone, we want them to be 100% satisfied. This guide was put together by our Founder, Director of Operations, and QA Team. We hope it helps educate anyone interested in working with Delgado Stone veneer or any other real stone veneer products.

KNOW BEFORE YOU BUY

As described by the name, this product is roughly square and rectangular in shape. We use the word "roughly" so the buyer knows work will be required to make the edges perfect.

The large pieces allow for the installer to cut to size and limit the amount of waste.
